

# TRINITY

## MANUAL & SPORTS PHYSICAL THERAPY

### Financial Agreement

1. As a courtesy, your insurance will be billed for physical therapy services. Your physical therapists are here to handle your medical care. They are not experts on insurances. **It is your responsibility to know your coverage.** Failing to comply with this recommendation could result in you, the patient, being responsible for all costs incurred.
2. A Schedule of fees rendered is available at the front desk. You may or may not be reimbursed by your insurance company for these fees.
3. **If you participate in a Managed Care or HMO program, you may be required to have referrals for outside services. You will be responsible for knowing what your plan requires and what your benefits are. If you seek specialty care without prior authorization of referral, you will be responsible for all related charges.**
4. All accounts overdue by 90 days without payment may be turned over to a collection agency. If you encounter financial difficulties, please contact our office and schedule payment agreements.
5. Medicare Part B pays for services that are determined to be reasonable and necessary under section 1862(a)(1) of Medicare Law (Medically Necessary). If a particular service is not considered medically necessary, it may be denied by Medicare Part B and will become the patient's responsibility.
6. We accept cash and checks for payment of services. If an adolescent is sent on their own (with parent permission) to our office, they are expected to bring any payment (co-pay, balance, etc) with them.

**Your Insurance coverage is a contract between you and your insurance company, not between the insurance company and your physical therapists. Therefore, we expect prompt payment for services rendered.**
